

Model:
AC50GPS

AFFORDABLE GPS TRACKING & FLEET MANAGEMENT

Track and monitor the location of your vehicle or fleet of vehicles in real-time from any connected device. This affordable unit informs you of the exact location of your fleet, where it's been and everything in between with just a few clicks.

With its compact design the AC50GPS can be covertly installed in tight locations. It has built-in cellular and GPS antennas and is the most cost effective solution for monitoring vital location data for your vehicle fleet.

COVERT INSTALL

Hardwired behind dash installation

REAL-TIME GPS

Locate your vehicle from anywhere

HISTORY

Review driving history and see times and routes taken

LANDMARKS

Set virtual perimeters; be notified of exits and entries

ALERTS

Receive alerts via text or email for any activity

MAINTENANCE

Set service reminders based on mileage or calendar
