**EASY**

Model:  
**ACSPSATmini**

## GPS TRACKING, FLEET MANAGEMENT & DRIVER COACHING

Combine easy plug and play installation with an advanced feature rich design and you have a GPS tracking solution that is simply powerful. The device can be fitted in seconds to the OBDII diagnostic port of any car or light duty vehicle.

Know precisely where fleet drivers or family members are and where they've been. Confirm entrances and exits, be alerted to after-hours driving and excessive travel speeds, aggressive driving, and assist drivers with in-cab driver coaching features.

### PLUG AND PLAY

Simple and powerfull tracking solution

### REAL-TIME GPS

Locate your vehicle from anywhere

### HISTORY

Review driving history and see times and routes taken

### LANDMARKS

Set virtual perimeters; be notified of exits and entries

### ALERTS

Receive alerts via text or email for any activity

### MAINTENANCE

Set service reminders based on mileage or calendar
